

Solutions for Efficient Plastics Processing

**You are invited to attend
a FREE technical seminar!**

This FREE one-day seminar offers plastics processors detailed information on key topics of prime importance to the plastics industry.

Learn more about the future of efficient compounding technology and how to overcome challenges in compounding. What is more, we present innovative recycling solutions and the benefits of precise feeding and first in class material handling technologies. Our experts also tell you how to optimize your efficiency with complete plants and customized service offerings.

Of interest to general managers, production engineers, purchasing managers and all others involved in plastics processing.

January 30, 2025

Hear Presentations from the following Companies:

Coperion

Shape what matters for tomorrow™ – Guided by our Purpose, Coperion develops innovative solutions and products for various challenges in the plastics, plastics recycling, chemical, battery, food, pharmaceutical and mineral industries.

Coperion is a global industrial and technological company in the areas of compounding and extrusion systems, sorting, shredding and washing equipment, including conveying, mixing and feeding technology. In our three Divisions, Polymer, Food, Health & Nutrition as well as Aftermarket Sales & Service, Coperion employs 5,000 people at 50 locations worldwide striving to create the future of tomorrow.

Omya

Omya is a leading global producer of industrial minerals and a worldwide distributor of speciality materials. Founded in Switzerland in 1884 and privately owned, we employ 9,000 people across 170 locations in 50 countries. Omya provides added-value products and services from responsibly sourced materials to meet the needs of current and future generations

THINKING OF TOMORROW

The company purpose, “Making life better through our passion for minerals and chemistry” unites 9,000 employees around the world. From the scientists in our innovation labs to the engineers overseeing our production plants and the teams working with customers day in day out, we are always Thinking of Tomorrow and how we can improve life for current and future generations. This often means finding ways of helping our customers become more sustainable, by reducing their carbon footprint, optimizing their use of resources, minimizing waste, improving circularity or protecting the environment.

Solutions for Efficient Plastics Processing

Learn about exciting advances in these process technologies for today's demanding plastics processing applications:

Seminar Program:

- 9:00 **Registration**
- 9:30 **Welcome**
Dr. Oliver Eitel | Sales Manager | Coperion Stuttgart
- 10:00 **New Omya Products to Address Challenges in Compounding**
Dr. Iakovos Vittorias | Director Technical Services Polymers | Omya
- 10:30 **Innovations in Plastics Recycling**
Zeynep Ekici | Process Technology Engineer | Coperion Weingarten
- 11:00 **Coffee break**
- 11:15 **The Future of Efficient Compounding Technology: New Developments in Engineering Plastics, Biopolymers and Other Compounding Tasks**
Zeynep Ekici | Process Technology Engineer | Coperion Weingarten
- 11:45 **Coperion Nanjing: Compounding Solutions for an Optimized Productivity**
Moris Alce | Sales Manager | Alkem Teknik Ltd.
- 12:00 **Lunch**
- 13:00 **Why Precise Feeding Saves a lot of Money: The Importance of Accurate Feeding for an Efficient Production Process**
Hakan Karaalioglu | Regional Sales Manager | Coperion K-Tron Switzerland
- 13:30 **First-Class Handling for First-Class Products: Special Components in Material Handling Plants**
Dr. Oliver Eitel | Sales Manager | Coperion Stuttgart
- 14:00 **Coffee break**
- 14:15 **Individual Plant Concepts and Customized Systems: Why an Efficient Plant is More Than Just the Sum of its Parts**
Hakan Karaalioglu | Regional Sales Manager | Coperion K-Tron Switzerland
- 14:45 **Coperion Service: 450 Partners Secure your Future**
Moris Alce | Sales Manager | Alkem Teknik Ltd.
- 15:00 **Questions and Answers**
- 15:30 **Adjourn**
